

National Achievement SURVEY

NAS Cell CBSE, Delhi

DATA AND LIST OF SAMPLE SCHOOLS FOR NAS-2021

- In the chronological sequence of actions for a fair and smooth conduct of the National Achievement Survey scheduled on **12th Nov. 2021**, it has been decided to share the data of Sample Schools District-wise / State-Wise. List of Schools is visible / is downloadable from the NAS-2021 official website.
- List can be checked for the **selected grades (3/5/8/10)** for Survey in the selected sample School and **Medium of Instructions** for each grade for Survey.
- There is an Introductory Memo / Advisory for every sample school. This must be issued to them by the State Education Department / State Nodal Officer / District Nodal Officer to ensure that **each sample school remains open on Survey Day i.e., 12th Nov 2021** and the strength of the sample Grade must be full as far as possible. Please note that the data relating to sample schools stand the same what were furnished by the School / State Machinery in the UDISE+ Plus.
- SNO/DNO must issue directions to read the documents relating to the Survey Activity Schedule (FI & Observer), Handout (FI & Observer), Control Sheet which are available on the NAS Portal so that Heads of the Schools / Teachers are familiarized with the process to support the Survey Team.
- Schools must be cautioned that this survey has very healthy objectives and therefore, it must be allowed to happen on "As is where is basis". The actual status, true information / data must be shared. Also, considering the diagnostic intent of the NAS, the schools, students and teachers may not be asked to make extra-ordinary preparations. Any pressure on the children must be avoided since NAS is not a test and it must happen in a very non-intimidating setting.
- Data gathered through NAS would give us true reflection of the ground realities on the learning level of students. The objectives have been explained by the Ministry of Education, Govt. of India and also articulated in the Assessment Framework designed and developed by the NCERT.
- **THIS IS NOT AN EXAMINATION OR TEST. THIS IS A DIGNOSTIC SURVEY.**
- **THIS IS NOT AN INDIVIDUAL STUDENT PERFORMANCE RATING OR CERTIFICATION.**
- **THIS IS NOT AN INDIVIDUAL SCHOOL PERFORMANCE RATING OR CERTIFICATION.**
- **PLEASE ALLOW THE FACTUAL POSITIONS TO BE RECORDED THE LARGER INTEREST OF SCHOOL EDUCATION.**

Regards and suitable wishes.
